

Newsletter - 8 February 2010

Dear CaribVET member,

Thank you for participating to the CaribVET network in 2009. It was with great pleasure that we worked with you and we hope it will last for a long time!

This is the first newsletter of the year 2010. This letter will provide you information regarding the futures activities of the network, particularly meetings and trainings.

Event

Our community is strengthening over the time. For this reason, the Epidemiology working group suggested to update our CaribVET logo.

To do that, we need your help to design the new logo!

We offer you to submit logos that you created or at least idea: open your mind and choose colors, shapes... Don't forget that it has to be representative of all the countries and territories of the Caribbean and that the name CaribVET needs to appear!

Send us your ideas and designed logo by email* **before April 15**. The final logo will be chosen at the Steering Committee in May.

CaribVET is your network! Don't hesitate to participate to its promotion!
